

BYB Order of Precedence for Rainout Decisions (BYB FIELDS ONLY)

Rainouts will be called when one or more of the fields has been deemed unplayable. This ruling applies to fields that could suffer significant damage during the course of a game, or if the BYB Board feels players, coaches, or fans' health could be in jeopardy.

Rainouts will be re-scheduled as soon as possible in open slots at Bentley (guaranteed for all competitive & interleague matchups) or potentially the BYB Practice Facility.

In the event that a full or partial facility rainout is ruled, the following priority will be used in determining which teams are rescheduled or moved to accommodate game play. The highest priority classification will be given first available field slots.

THE OLDER THE AGE DIVISION, THE HIGHER THE PRIORITY

- 1. Competitive Interleague Matchups**
- 2. Instructional Interleague Matchups**
- 3. Competitive BYB Matchups**
- 4. Instructional BYB Matchups**
- 5. TBall**

JUSTIFICATION: Competitive teams rely on having their games at certain times of the week because of tournament schedules on the weekends. This is in consideration of their pitching staff. Interleague matchups will receive higher priority than BYB vs. BYB games (no matter age) because of the travel required from our interleague partners. TBall will be the first age division rained out since they do not require umpires, and the rest of the games do.
